Method	Route	Job	Frontend Page
POST	/	Process payment for booking	/movie/:id — MovieBooking
GET	/booking/:bookingId	Get payment for booking	/receipt/:bookingId — Receipt
POST	/:id/refund	Refund payment	Theater / Admin — Refunds

9. Reviews — /api/reviews

Method	Route	Job	Frontend Page
GET	/movie/:movieId	Get movie reviews	/movie/:id — MovieReviews
POST	/	Add review	/movie/:id — MovieReviews
PUT	/:id	Update review	/movie/:id — MovieReviews
DELETE	/:id	Delete review	/movie/:id — MovieReviews

10. Offers — /api/offers

Method	Route	Job	Frontend Page
GET	/active	Get active offers	/offers — ActiveOffers
POST	/	Create offer	AdminOffers
GET	/	Get all offers	AdminOffers
GET	/:id	Get specific offer	AdminOffers
PUT	/:id	Update offer	AdminOffers
DELETE	/:id	Delete offer	AdminOffers
PATCH	/:id/deactivate	Deactivate offer	AdminOffers

11. Theater Dashboard — /api/theaters/:theaterId/dashboard

Method	Route	Job	Frontend Page
GET	/overview	Get general statistics	/theater — Dashboard
GET	/revenue-by-movie	Get revenue by movie	/theater — Dashboard / Bookings
GET	/upcoming-showtimes	Get upcoming showtimes	/theater — Dashboard

Frontend Routes

Route	Page	Job	Main Component
/	Home	Hero, current/upcoming/popular movies, search, theaters and offers	Home.jsx
/auth	AuthForm	Login, signup, OTP and password reset	AuthForm.jsx
/offers	ActiveOffers	Show active offers and discounts	ActiveOffers.jsx
/search	SearchResults	Show movie search results	SearchResults.jsx
/theaters	TheatersBrowse	Browse theaters	TheatersBrowse.jsx
/theaters/:theaterId	TheaterDetail	Show theater details	TheaterDetail.jsx
/movie/:id	MovieBooking	Select theater, showtime, seats, discount and payment	MovieBooking.jsx
/receipt/:bookingId	Receipt	Show booking receipt and payment status	Receipt.jsx
/my-bookings	MyBookings	Show and cancel user's bookings	MyBookings.jsx
/theater	TheaterApp	Owner/Admin dashboard with internal pages	TheaterApp.jsx

Theater Dashboard — Internal Pages

Page	Component	Job
Dashboard	Dashboard.jsx	Statistics, revenue and upcoming showtimes
Theaters	Theaters.jsx	Create, update and delete theaters
Screens	Screens.jsx	Create/update/delete screens and seat settings
Showtimes	Showtimes.jsx	Manage showtimes
Bookings	Bookings.jsx	Booking and revenue statistics
Refunds	Refunds.jsx	Find payment by Booking ID and process refund

Admin Dashboard — Internal Pages

Page	Component	Job
Movies	AdminMovies.jsx	Create, update and delete movies; show booking statistics
Offers	AdminOffers.jsx	Create, update, deactivate and delete offers
Refunds	Refunds.jsx	Find payments and process refunds

Note: /theater uses TheaterApp.jsx for internal navigation instead of separate React Router routes. The refresh-token endpoint is used automatically by frontend/app/src/lib/api.js.
